DETAILED ACTION

1. Claims 1, 3-12, and 14-15 are presented for examination. Claims 1, 10, 14 and 15 have been amended. Claims 2 and 13 have been cancelled.

Claim Rejections - 35 USC § 112

Claim Rejections - 35 USC § 102

3. Rejections withdrawn due to the amendment.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance:

Referring to claims 1, 14, and 15, neither Reid-Green nor the prior art of record teach calculating feed rates, reference forces, force components, or apparent variables of force component calculations using the formulae in the claims.

Referring to claim 7, neither Reid-Green nor the prior art of record teach calculating a feed rate that satisfies a reference cutting force at a rotation angle where it is estimated that the maximum cutting force occurs through cutting force modeling.

Claims 3-6 and 8-12 depend from claims 1 and 7 and are therefore also allowable. It is for these reasons that applicant's invention defines over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
